About Certmart

LEARNING PLATFORM

Welcome to CertMart, the biggest learning platform in Africa—a groundbreaking learning marketplace connecting learners with expert trainers at certified hubs and workspaces. Our platform also seamlessly links trained talents with employers worldwide.

CertMart is a unique one-stop learning marketplace for affordable tech and vocational skills, such as Software Development, Cybersecurity, Data Analytics, and Product Design, as well as Mobile Phone Repairs, Photography and Videography, Interior Decor, Solar Panel Installation, and more. We also offer essential academic subjects like English, Math, Sciences, and Accounting, among others. We connect learners with trainers at approved hubs nearest to them across Africa and in virtual spaces to learn these skills and subjects and get certified through instructor-led courses.

We don't just connect; we accredit trainers, approve hubs, vet syllabi, certify students upon course completion, and connect successfully trained talents with global job opportunities.

As the first global platform to link learners, trainers, and study hubs, CertMart ensures seamless learning and certification. Serving as your premier destination for skills, certification, and job opportunities, we're revolutionizing the assessment and accessibility of tech, vocational, and academic subjects through decentralization, starting in Nigeria and Africa.

Become an INSTRUCTOR / TRAINER

Are you a skilled expert in high-demand tech, vocational, and academic subjects, eager to share your knowledge and earn extra income?
